

The Selftrade SIPP Dealing account is compatible with most trustee and administrator arrangements.

Selftrade currently works closely with many of the leading Trustees/Administrators and we are also the appointed dealing services provider for the James Hay iSIPP service.

Below are some of the Trustees and Administrators with whom we work: if your preferred SIPP provider is not already included please get in touch with us at info@selftrade.co.uk. Subject to completing appropriate due diligence we can usually arrange to add them to our panel.
